

## **“A MEXICAN MYSTERY”**

I AM MEG, AND THIS IS MY BROTHER MARTIN. We live in Mexico. Martin and I always wanted to be detectives, so we were very keen at creating mysteries ourselves. One day, mum and dad were marrying, and we felt really strange about it. When we arrived at church, we saw a deep forest, but quickly went in the church. Mum and dad gave us the rings. After the wedding Martin and I had to help the bride. Afterwards, we went back for the rings but we couldn't find them anywhere . . .
