

“THE SAPPHIRE”

ONE TIME, KEESHA WENT WITH HER FAMILY to stay at her grandma's house. There was something mysterious in her bedroom. It was very shiny, and it appeared to her like a sapphire. She told her Mom that she thought there was a frightening gem in her room. Her Mom said, "Oh baby, that can't happen. You know that's not real". She took her mom to the bedroom to see for herself. They found that they could not open the door. They gasped, and they went to find Dad. But when they got to Keesha's parents' room, there was something very surprising and weird in there . . .

What happens next?
